The condition of the camera upon its return will be determined solely by RawLens PH. We will thoroughly inspect the equipment to assess its state, ensuring it is consistent with the condition in which it was provided. Any discrepancies, including damage or missing accessories, will be documented, and the renter will be held accountable for any necessary repairs or replacements as determined by RawLens PH.

To ensure the safety of the equipment, **RawLens PH** reserves the right to track the rented camera via GPS during the rental period. This is for security purposes and to ensure the equipment is returned in a timely manner.

## IMPORTANT POLICIES

**If the renter fails to return the camera on the agreed date and time, and the delay affects the next renter's booking, the original renter will be required to shoulder the full rental amount for the affected dates—even in cases of delayed flights, emergencies, or acts of God.**

**In the event of any damage to the camera or its accessories, the cost of reimbursement will be solely determined by the owner (RawLens PH) based on the assessment of a certified professional technician. This ensures a fair and accurate evaluation of the repair or replacement costs.**
